BOSS HUANG

San Francisco, CA · bosshtw@gmail.com · (628) 488-3723
bosshtw.github.io/portfolio · linkedin.com/in/boss-huang · github.com/BossHTW

Builder and founder with 8+ years of starting and running teams of 10 to 285 people across education, sustainability, public policy and technology. Ships full-stack AI products solo, and brings strategy, bilingual communication and cross-cultural work to every team.

EXPERIENCE

Butlr, *Strategy & Business Development Intern, Office of the CEO* Jul – Sep 2026
San Francisco, CA

- Reported directly to the CEO of a privacy-first thermal-sensing startup, covering strategy, business development and AI tooling.
- Mapped how Butlr could enter the Open Compute Project data-center community: entry paths, submission deadlines and a recommended first step.
- Built prompt workflows that batch-summarized hours of OCP Global Summit talks on thermal management into short briefs for the CEO's market decisions.

Larkin Street Youth Services, *Marketing & Communications Intern, YouthForce* May – Oct 2026
San Francisco, CA

- Proofread a 17-page major-gifts case for support: 11 corrections, 14 style suggestions and 4 fact-check queries, catching conflicting statistics before donors saw them.
- Wrote the on-camera interview guide for Performing Arts Night 2026, filmed the night, and edited a 90-second video plus three 30-second cuts.
- Wrote 6 youth success stories; spoke at the 20th Bay Area CFO of the Year Awards; photographed a civic resource fair.
- Led an integrated campaign from research to handoff: staff interviews, SWOT, personas, journeys, a dated plan with KPIs, and social, email and print assets; presented to the development team.

HOKALI After School Programs, *Instructor* Sep 2025 – present
Bay Area, CA

- Teach coding, robotics, Mandarin and culinary programs to 300+ students in grades 1–9 across 4 Bay Area cities, adapting curriculum to different learning speeds.
- Run classroom logistics and student safety in high-energy settings, keeping students engaged and enrolled.

Union Square Holiday Ice Rink, *Seasonal Staff Member* Oct 2025 – Jan 2026
San Francisco, CA

- Rotated across every station for 2,000+ daily holiday visitors; operated and maintained the Zamboni and repaired the rental skate fleet.

Samyang Foods, *Marketing Intern* Jan – Apr 2025
Seoul, South Korea

- Analyzed sentiment in 8,500+ North American consumer posts to map flavor preferences and brand-perception gaps.
- Led concept development for a digital campaign targeting 2.5M consumers across Instagram, TikTok and YouTube; produced 5 localized ad concepts with the creative team (mock-ad A/B tests forecast a 23% CTR lift).
- Recommended influencer partners with a combined 7.8M followers for US and Canadian launches.

Laya Burger, *Logistics Intern* Sep – Dec 2024
Taiwan

- Built a Japan market-entry plan covering 6 cities, 120+ competitor price points and 5 supply routes; the recommended route cut estimated logistics cost 18% versus the baseline import model.
- Turned 350+ survey responses and 15 stakeholder interviews into a 40-slide bilingual proposal to the executive team, shortlisting 3 launch sites (forecast ~NT$45M first-year revenue).

RedPeak Global Brand Consultancy, *Strategy & AI Intern* Apr – Oct 2024
Taipei, Taiwan

- Built a GPT-4 research assistant and a Stable Diffusion concept-image tool used across 14 brand-strategy projects, cutting project delivery time by 40%.
- Supported 14 brand-strategy engagements with market analysis, competitive benchmarking, data insights, reports and presentations.
- Developed the firm's LinkedIn content strategy; wrote bilingual articles and translated client materials.

New Taipei City Government, *Youth Commissioner* Apr 2021 – Dec 2022
New Taipei, Taiwan

- Selected from 600+ nominees as the youngest member, representing youth aged 18–40 in the Taipei metro area.
- Secured a NT$130M budget to establish the Youth Affairs Bureau and shape long-term youth entrepreneurship, housing and education policy.
- Designed and supervised 63 youth-focused events and 5 strategic projects with teams nationwide.

Ministry of Labor, Taiwan, *Vocational Instructor & Bilingual Interpreter* May 2018 – Jul 2023
Taiwan

- Taught IoT, SQL, C++, Illustrator, AutoCAD and 3D design to 1,500+ adult learners.
- Interpreted at national exhibitions, policy meetings and MOU signings with international delegations.

FOUNDER PROJECTS

Signet, *Solo founder & engineer · Cal Hacks 13.0* Oct 2026
notarubberstamp.biz

- Built a system that checks nonprofit aid payments against grant rules, the bank and vendor identity before money moves: Claude reads the documents, deterministic code makes every check, and two different people must sign.
- Integrated 5 live services (Claude, Capital One Nessie, CRS, Bright Data, Moss); caught 8 of 8 planted errors.

Haggle, *Solo founder & builder · The AI Commerce Gallery* Oct 2026
haggle-zeta.vercel.app

- Built a team of store agents on Band that negotiates with a shopper's AI agent, checks competitor claims and protects margin; the demo closed a $248 item at $195 (43.6% margin) in 34 seconds with one owner approval.

EcoCoin × Econo+, *Founder & Development Lead* Mar 2022 – Jul 2025
Remote

- Combined a blockchain incentive layer with a global resource database: users earn eco-tokens for environmental action and redeem them for sustainable products and CSR services.
- Provided material-flow, supply-chain and price forecasts for 6 industries to inform sustainable business strategy.

LEADERSHIP

Soft Skills Union (STEAM education nonprofit), *Founder* May 2016 – Jul 2023
Taiwan

- Led a 23-person core team delivering 198 events to 800K+ participants, with 98.7% satisfaction.
- Wrote and illustrated a bilingual environmental picture book and ran its campaigns (480K+ impressions).

TEDxNTUST, *Curator* Aug 2017 – Oct 2020
Taipei, Taiwan

- Led a 24-person international team across topic design, speaker recruitment and marketing.
- Rebuilt the digital strategy during COVID, growing sponsorship 850% and online engagement 587%.

EDUCATION

Minerva University, *B.Sc. Business & Computational Sciences* Expected 2027
San Francisco, CA

SKILLS

Build: TypeScript, Python, SQL, C++; React / Next.js, Node.js, SQLite; LLM APIs (Claude, GPT-4); Git
Business: Market research and sizing, go-to-market plans, pitch decks and investor memos, bilingual content
Design & hardware: Figma, Adobe Creative Cloud, Fusion 360, AutoCAD, Maya, PCB design · **Languages:** English, Mandarin (native)

AWARDS

- **Stanford × Bay Area Youth Shark Tank, 1st place** (2017): $16,000 scholarship; 14 finalist teams from 8 countries.
- **Samsung Solve for Tomorrow, Finalist** (2022): competed solo against 2,000+ high-school teams.
- **Adecco CEO for One Month, National Top 6** (2018): top 6 of 2,000 college students, at age 13.
